Know Disaster, No Disaster

Eyes wide open
I haven't slept for a while now
Worried for my beloved
Held captive, with many others inside now
What good would it do?
To those ghosts in masks
Concealing the ugly face of mankind
Mere puppets at the hands of some master minds behind

How can they just not feel no thing
What damned glory would this disaster bring,
Innocent lives its taking,
For petty demands they're making,
Their own families they're staking
A beautiful world they're breaking

Know disaster,
The cruel marks you leave
Your own self you deceive
No disaster,
Peacefully for us to live
A blessing you can give.

And while you're still in there, "My beloved"
I'm praying for you to be safe.
